## MATERIAL SAFETY DATA SHEET

### OASIS<sup>®</sup> MOISTURIZING MOUTHWASH

#### I. IDENTIFICATION

TRADE NAME SYNONYM	Oasis <sup>®</sup> Moisturizing Mouthwash	REVISION DATE	February 11, 2009
CHEMICAL NAME SYNONYMS	Mouthwash	CAS NO.	Mixed substance; multiple chemicals
CHEMICAL FAMILY	Glycerin solution, Electrolyte solution	FORMULA	Not applicable

#### II. COMPOSITION/INFORMATION ON INGREDIENTS

PRINCIPAL COMPONENTS	CAS NO.	%	TLV (UNITS)
Non-hazardous Ingredients	---	100	---

#### III. HAZARDS IDENTIFICATION

Fire and Explosion	This product is classified as non-flammable.
Health	Handling this product in its final form presents minimal risk from occupational exposure. Health effects information is based on hazards of components.
Environment	No information is available regarding the potential of this product to produce adverse environmental effects.

#### IV. FIRST-AID MEASURES

Ingestion	Never attempt to induce vomiting. Do not attempt to give any solid or liquid by mouth if the exposed subject is unconscious or semi-conscious. Wash out the mouth with water. If the exposed subject is fully conscious, give plenty of water to drink. Obtain medical attention.
Inhalation	Physical form of product suggests inhalation exposure is negligible.
Skin Contact	Using appropriate personal protective equipment, remove contaminated clothing and flush exposed area with large amounts of water. Obtain medical attention if skin reaction occurs, which may be immediate or delayed.
Eye Contact	Wash immediately with clean and gently flowing water. Continue flushing for at least 15 minutes. Obtain medical attention.

#### NOTES TO HEALTH PROFESSIONALS

Medical Treatment	None for occupational exposure.
Medical Conditions Caused or Aggravated by Exposure	None for occupational exposure.
Antidotes	No specific antidotes are recommended.

#### V. FIRE-FIGHTING MEASURES

Fire and Explosion Hazards	None is expected for the product, though the packaging is combustible.
Extinguishing Media	Water is recommended for fires involving packaging.
Special Fire-fighting Procedures	For single units (packages): No special requirements needed. For larger amounts (multiple packages/pallets) of product: Self-contained breathing apparatus and full protective equipment are recommended, since toxic, corrosive or flammable vapors may be evolved from fires involving this product and associated packaging. If possible, contain and collect fire-fighting water

	for later disposal.
<b>Hazardous Combustion Products</b>	Toxic, corrosive or flammable thermal decomposition products are expected when the product is exposed to fire.

#### VI. ACCIDENTAL RELEASE MEASURES

<b>Personal Precautions</b>	Wear protective clothing and equipment consistent with the degree of hazard.
<b>Environmental Precautions</b>	For large spills, take precautions to prevent entry into waterways, sewers, surface drainage systems, or poorly ventilated areas.
<b>Clean-up Methods</b>	Collect and place it in a suitable, properly labeled container for recovery or disposal.
<b>Decontamination Procedures</b>	No specific decontamination or detoxification procedures have been identified for this product.

#### VII. HANDLING AND STORAGE

<b>Handling</b>	No special control measures are required for the normal handling of this product. Normal room ventilation is expected to be adequate for routine handling of this product.
<b>Storage</b>	No storage requirements are considered necessary for the control of fire and explosion hazards.

#### VIII. EXPOSURE CONTROLS/PERSONAL PROTECTION

<b>Other Equipment or Procedures</b>	None is required for normal handling. Wash hands and arms thoroughly after handling.
--------------------------------------	--

#### IX. PHYSICAL AND CHEMICAL PROPERTIES

<b>Clarity</b>	Clear
<b>Color</b>	Blue
<b>Physical Form (Phase)</b>	Liquid

#### X. STABILITY AND REACTIVITY

<b>Stability</b>	This product is expected to be stable.
<b>Conditions to Avoid</b>	None expected for normal handling of this product.

#### XI. TOXICOLOGICAL INFORMATION

<b>Oral Toxicity</b>	Not expected to be toxic following ingestion.
<b>Inhalation Toxicity</b>	No studies have been conducted.
<b>Skin Effects</b>	Irritation is not expected following direct contact.
<b>Eye Effects</b>	Irritation is not expected following direct contact.
<b>Sensitization</b>	Allergic skin reactions are not expected following direct contact.
<b>Genetic Toxicity</b>	Genotoxicity is not expected under occupational exposure conditions.
<b>Carcinogenicity</b>	No components are listed as carcinogens by OSHA, IARC, or NTP. Not expected to produce cancer in humans under occupational exposure conditions.
<b>Reproductive Effects</b>	Adverse effects are not expected for fertility or development under occupational exposure conditions.
<b>Other Adverse Effects</b>	None known for occupational exposure conditions.

**XII. ECOLOGICAL INFORMATION**

<b>Summary</b>	No information is available about the potential of this product to produce adverse environmental effects. Local regulations and procedures should be consulted prior to environmental release.
----------------	--

**XIII. DISPOSAL CONSIDERATIONS**

<b>Disposal Recommendations</b>	Collect for recycling or recovery if possible. The disposal method for rejected products/returned goods must ensure that they cannot be re-sold or re-used.
<b>Regulatory Requirements</b>	Observe all local and federal regulations when disposing of this product.

**XIV. TRANSPORTATION INFORMATION**

<b>UN Classification and Labeling Transportation Information</b>	Transportation and shipping of this product is not restricted. It has no known, significant hazards requiring special packaging or labeling for air, maritime or ground transportation in accordance with US and European regulations.
--	--

**XV. REGULATORY INFORMATION**

The information included below is an overview of the major regulatory requirements. It should not be considered to be an exhaustive summary. Local regulations should be consulted for additional requirements.

<b>US OSHA Standard (29 CFR, Sec. 1910.1200)</b>	This product is exempt from requirements of OSHA Hazard Communication Standard.
<b>Other US Regulations TSCA Status</b>	This product is exempt.
<b>EU Classification and Labeling</b>	This product is exempt from requirements of EU Dangerous Preparations directive - product regulated as a medicinal product/cosmetic product/medical device.

**XVI. OTHER INFORMATION**

Revision 02/11/09 is the initial release of the MSDS by Gebauer Company

Revision Date: February 11, 2009

INFORMATION CONTAINED IN THIS MATERIAL SAFETY DATA SHEET IS OFFERED WITHOUT CHARGE FOR USE BY TECHNICALLY QUALIFIED PERSONNEL AT THEIR DISCRETION AND RISK. ALL STATEMENTS, TECHNICAL INFORMATION AND RECOMMENDATIONS CONTAINED HEREIN ARE BASED ON TESTS AND DATA WHICH WE BELIEVE TO BE RELIABLE, BUT THE ACCURACY OR COMPLETENESS THEREOF IS NOT GUARANTEED AND NO WARRANTY OF ANY KIND IS MADE WITH RESPECT THERETO.
